## DETAILED ACTION

### *Claim Rejections - 35 USC § 112*

1. Claims 1-4 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 recites (third line from the bottom line on page 15) that “any one or any two or all three of outputs of said plural distance and direction detectors indicates signal strength that is out of range,...”. However, the plural distance and direction detectors are only two signals, it is not clear what “all three” or the third output represents. Clarification or correction is required.

Because the claim is unclear, no search could be conducted.

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Julie Lieu whose telephone number is 703-308-6738. The examiner can normally be reached on MaxiFlex.
